

Scavenger Hunt Discord Server Guide

1

DOWNLOAD THE APP

Begin by heading over to [Discord.com](https://discord.com) or go to your mobile device's app store in order to download the Discord application. When you open the application for the first time, you will be prompted with a login screen. Click the "Register" button at the bottom.

CREATE YOUR PROFILE

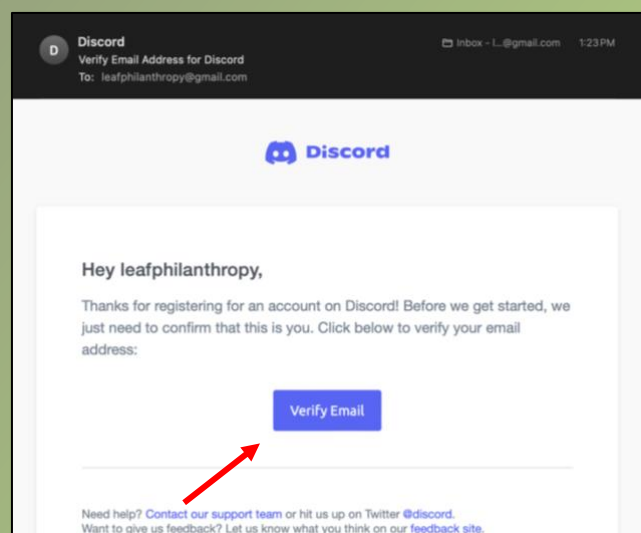

2

You will then be greeted by a typical account creation screen. Your display name can be whatever you'd like and will be your profile name. The Username will be used for others to search or '@' you in text channels. Each username on discord is unique.

3

VERIFY YOUR ACCOUNT

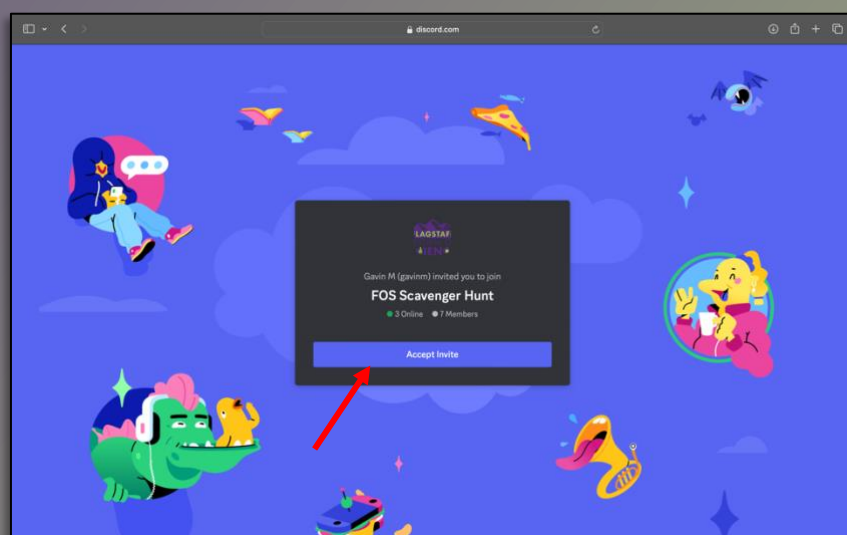

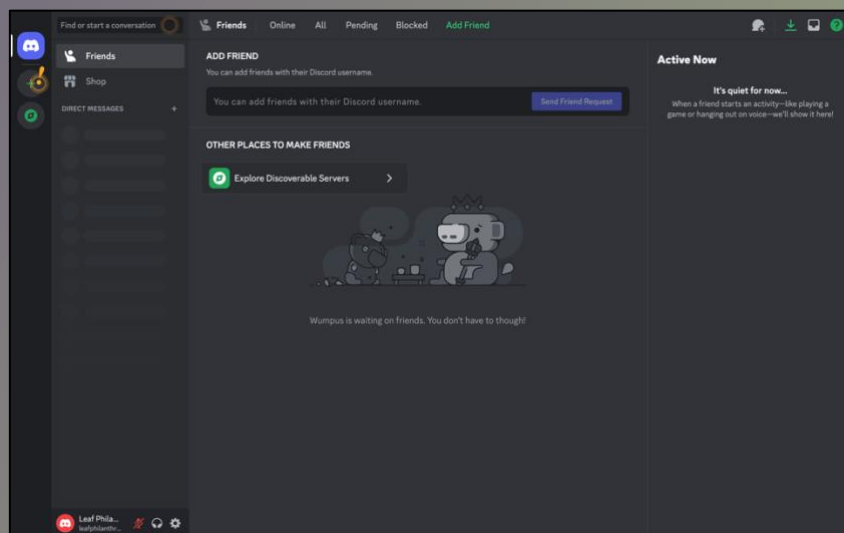

After creating your account, you should be automatically logged into your account. Before proceeding, make sure to check your email for two new messages. One is a welcome email; the other is to verify your email account. Click 'Verify Email' now.

4

FAMILIARIZE YOURSELF

Return to the Discord application. You can spend some time to get familiar with the program and complete their tutorials. Once you are ready to join the Festival of Science Scavenger Hunt server, proceed to the next step.
(note: app will look different on desktop or mobile)

JOIN THE SERVER

5

Use the provided invite link during event registration, or type into your browser: discord.com/invite/E73Px7tUFy. You should be greeted with a screen similar to this one. Click "Accept Invite" and you should be redirected to your Discord application.

6

Finish the Welcome Tasks

If you do not automatically enter the server, check your participating servers on the left side of the application and click on the icon. Follow the prompts, sign the waiver, and react to the rules. You will be able to send messages in 10 minutes!
